WATCHING "LUNAR ECLIPSE"

As part of Total Lunar Eclipse which is going to happen on Tuesday (8/11/2022), Physics Department in collaboration with ASTRO Payyannur, is providing an opportunity for students of WIRAS to view the lunar eclipse at ASTRO, Payyannur

Those who are interested, please contact Physics Department on or before Tuesday 1 pm.

Departure time from WIRAS to ASTRO Payyannur: 08/11/22 @ 5 pm

A TRIP TO ASTRO FOR WATCHING LUNAR ECLIPSE

DATE: 08/11/22

TIME: 5 PM

PLACE: ASTRO, PAYYANNUR

As a part of MOU with ASTRO, Payyannur, a trip to ASTRO was conducted by Department of Physics, WIRAS on 08/11/22 @ 5 pm for watching Lunar Eclipse. ASTRO (Astronomical Studies Training and Research Organisation) started in 2006 at Payyanur for popularizing astronomy awareness among students and general public.

Around 50 students and teachers from various departments joined the team. Two buses with students and staff started from the campus at 5:00 pm and reached ASTRO, Payyannur at 5:30 pm. The lunar eclipse started around 6:00 pm. The clouds covered the moon, so we had to wait for some time for the eclipse to be visible. Around 6:15 pm the sky became clear and the eclipse started visible. Under the guidance of Gangadharan Vellur, the Director of ASTRO Payyannur, we observed the Lunar Eclipse. It was a total lunar eclipse and the moon appeared Blood Moon. After that we visited the planetarium. The highlight of this visit was the show which the students watched in the sky-dome theatre situated in the planetarium. It featured information about planets, constellations, sunrise, sunset, lunar eclipse, solar eclipse etc. A detailed presentation on lunar eclipse was also given by the director of Astro Payyanur. After that we observed night sky using telescope. Around 7:30 pm the visit was concluded and we started to return.

It was a very fruitful and enlightening trip that set many young minds aspiring to take up astronomy as a subject and learn more about the intriguing outer space. The trip was a great way for students to explore and enrich.

We thank ASTRO, Payyannur for providing such an opportunity to visit ASTRO.
