SAVE ENERGY CAMPAIGN

Organized by Physics Association, WIRAS

Date & Time: 14/12/22 @ 12:00 PM

Venue: WIRAS CAMPUS

Program Schedule			
12.00 PM	Welcome Address	Khaira thamanna	Physics Association Secretary, 6th Semester BSc Physics, WIRAS
12.05 PM	Inagural Address	Mrs. Safeena S V	Head of the Department of Physics, WIRAS
12.10 PM	Pasting of notice at various classes of college with small talk of BSc Physics Students

REPORT ON SAVE ENERGY CAMPAIGN

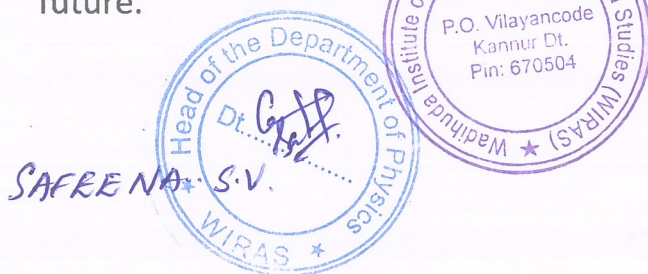

PHYSICS ASSOCIATION PROGRAMME

National energy conservation day 2022, it is observed on 14th December to spread awareness about the importance of energy and the need of conserving energy by using less energy. As a part of that, Physics association of WIRAS conducted a save energy campaign for all students and staffs of WIRAS.

On 14th December 2022, The Physics department of WIRAS conducted a campaign on energy conservation. Our aim was to spread the theme "Conserve energy today, to make a brighter tomorrow".

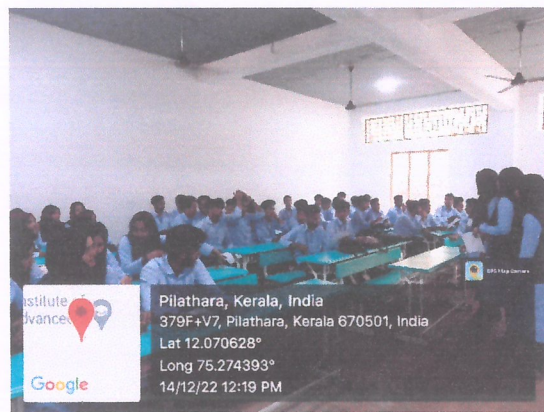

With the lead of Ms. Safeena S V [HOD of Physics department] and Ms. Ancy S S [Faculty of Physics department] students of physics department conducted campaign by giving articles and taking awareness classes on energy conservation. Few tips are given to students on how to conserve energy in our daily life. The students of physics department prepared a notice about the energy conservative techniques and practices and distributed that in each class with a small presentation. Also, they affixed notice of energy conservation practices in each classes.

Energy conservation day is a reminder that we can no longer go easy with our sources of energy and we must conserve them. We need to save energy for better environment. We know that earth provides enough to satisfy every man's needs but not every man's greed. Let's conserve energy today for a sustainable future.

DEPARTMENT OF PHYSICS, WIRAS
NATIONAL ENERGY CONSERVATION DAY '22

“Conserve Energy Today To Make Brighter Tomorrow”

- SWITCH OFF LIGHTS AND ELECTRICAL APPLIANCES WHEN NOT USING THEM
- USE NATURAL LIGHT WHEN THE SUN IS BRIGHT
- SWITCH TO ENERGY SAVING LED LIGHT
- REDUCE WATER CONSUMPTION
- UNPLUG DEVICES WHEN NOT IN USE
- SET YOUR DEVICES ENERGY SAVING MODE
- REDUCE BRIGHTNESS WHILE USING YOUR PHONE, LAPTOP...
- PLANT SHADE TREES
- USE A REUSABLE WATER BOTTLE
- MAKE USE OF BOTH SIDES OF A PAPER AS POSSIBLE
